THE SOLDIERS' BONUS BILL

In explaining why he will vote against the soldiers' bonus bill Representative Herbert C. Pell, Jr., takes pains to state that he is in favor of the utmost generosity to every man who has actually been injured in the country's service, that being a cause with a rightful and undisputed claim. But he points out a general bonus on the ground that it would mean a tax averaging \$20 upon every man, woman and child in the country, that in its repercussions the tax would greatly increase the cost of living further depress the value of Liberty bonds, further increase the rates for money already a menace to the future of business enterprise, and might even deprive us of our recently acquired distinction as the leading financial center of the world. Mr. Pell's courage in taking this stand is the more notable because of his confessed conviction that it will prove his political suicide.

If it should, comments the New York Times, "his career will end in a glory far above most successes." But the Times does not think it must so end or that it will, because Mr. Pell's stand "heartily commends itself to the majority of his countrymen—as also to an influential element of the American Legion." There are many who believe that such a bonus as is proposed would not only embarrass the government and do great injury to the country but would have a demoralizing effect upon the beneficiaries themselves.

BOND VALUES.

In an effort to prevent the further depreciation of Liberty Bonds and restore them to the full value promised investors during the war, Representative Ernest R. Ackerman, of New Jersey, has introduced a bill providing for the acceptance of the bonds in payment of income taxes. The bill specifies that any person, firm or corporation or association paying \$200 or more income tax may pay 25 per cent of it in Liberty Bonds. It was necessary to fix \$200 as the minimum amount because no bonds were issued in denominations less than \$50, sufficient to meet a quarterly payment of a \$200 tax. According to estimates the present revenue bill will bring in about \$4,000,000,000. By the provisions of Representative Ackerman's bill approximately one quarter of this amount would be received in bonds, thereby creating a sinking fund. The bill would not apply to the payment of 1919 taxes nor to local or state taxes. It does not provide for the acceptance of any other than Liberty Bonds or Victory Notes.

Thomas Morris died recently in Grand Island, Nebraska, at the age of 126, and John Shell is still getting about in his native Kentucky at the alleged age of 172. Apparently centenarians just happen without the help of theories or modes of living to lead up to their shaky eminence. It is pretty certain that no quack doctor claiming to assess on "vitality" has ever succeeded in putting either himself or another into the venerable company of exceptional mortals.

Probably the reason they decided to hold the Democratic national convention at the Golden Gate was in the hope that they might be able to show Bryan the gate.

Woman's Case

Amazes Charleroi

A business man's wife could not sew or read without sharp pains in her eyes. For years her eyes were red and weak. Finally she tried simple witchhazel, camphor, hydrastis, etc., as mixed in Lavoptik eye wash. The result produced by a single bottle amazed everyone. We guarantee a small bottle of Lavoptik to help ANY CASE weak, strained or inflamed eyes. Aluminum eye cup FREE. Hennings Drug Store, corner Fifth and McKean.

EXECUTORS' SALE OF VALUABLE STOCK

The undersigned Executors of Thomas E. Lilley, late of East Pike Run Township, Washington County, Penna., will offer at public sale, at his late residence in said township, on

Thursday, May 27, 1920 at 1:30 p. m. 500 shares of the capital stock of the Lilley Coal and Coke Company, a corporation, or such part thereof as the Executors may deem proper to sell. The par value of this stock is \$100.00 per share, fully paid and non-assessable. The total authorized capital is \$200,000.00. Further details will be furnished to all bona fide prospective bidders upon request at the office of said company at Charleroi, Pa.

The company operates under written contracts with decedent, Thomas E. Lilley, (1) dated February 9th, 1912, recorded February 10th, 1912, in the records office of Washington County, Pa., in Deed Book Vol. 393, Page 318, and (2) dated April 1st, 1912, recorded April 19th, 1912, in said Recorder's office, in Deed Book Vol. 394, Page 434, and (3) dated May 22nd, 1918, recorded June 6th, 1918 in said Recorder's office in Deed Book Vol. 457, Page 281, for the mining of the Pittsburgh vein of coal under certain lands therein described, at thirty cents per ton, on a royalty basis. On date of decedent's death there remained unmined approximately 523.5 acres of minable coal.

The said corporation owns approximately 100 acres of surface land and approximately 3700 acres of undeveloped Pittsburgh coal, with mining rights, in what is known as the Washington field, situate in the Borough of Washington and in North Franklin, South Franklin South Strabane and Amwell Townships, Washington Co., Pennsylvania; also a two story frame house and lot in said Borough of Washington. Subject to unpaid mortgage indebtedness of approximately \$349,547.16. See official records of Washington County for full and complete information on this subject.

This stock will be offered in two ways, viz:

1. In blocks of 50 shares each, with privilege of not over nine additional similar blocks. If the highest bidder for the first block does not elect to take all of the nine additional blocks, the remaining blocks will then be offered.

2. In one block of 500 shares. The highest bids by the first plan will be recorded and held until the same stock is offered by the second plan. Sale will be made by whichever plan brings the largest total sum for the stock sold.

Terms of Sale. Cash or certified check for \$5,000.00 for each fifty shares sold when the same is knocked down; otherwise the stock will be again immediately re-offered for sale. Balance of bid on delivery of stock certificate within twenty days from date of sale.

Delivery and final payment to be made at Room 1, Armstrong Building, Brownsville, Pa. The Executors reserve the right to reject any or all bids.

Common Sense Talks With Women

Women should be taught by those of experience that their most precious possession is their health. Upon it depends happiness, success and attractive homes,—for no home can be attractive or happy with a despondent, nervous, irritable wife and mother, suffering from the ill peculiar to her sex, such as displacements, ulceration, inflammation, irregularities and the consequent headaches, backache, and dragging down pains.

It is such women who should listen to common sense advice and when such symptoms appear try that most successful of all medicines, Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs and contains no narcotics or harmful drugs, and which for more than forty years has been restoring American women to health.

Here is Proof.

Cokeberry, Fla.—"I had a tumor and suffered with a severe pain in my right side. I could not sleep to fasten my shoes and was not able to do my work. I went to the doctor and he gave me medicine and told me to stay in bed for at least fifteen days and not even to lift a basin of water till I could gain strength enough to be operated on for I never would be well without it. I remembered one of my aunts who had been in the same condition and was cured by your medicine so I took Lydia E. Pinkham's Vegetable Compound and got well completely. The tumor has disappeared and I am able to do anything I want to do. I recommend your medicine to my friends and you can publish my testimonial."—Mrs. S. F. Rasmussen, Box 18, Cokeberry, Fla.

Wakefield, Neb.—"I felt sick all over and did not know what to do with myself. I was irregular and had chills and night sweats, would vomit at that time. I suffered in this way for many years and had medicine from two doctors but they did me no good and so I lost faith in them. Finally my husband got tired of seeing me suffer so he got me a bottle of Lydia E. Pinkham's Vegetable Compound. It seemed to help me right away, then I got Lydia E. Pinkham's Vegetable Compound Tablets and took several boxes. Now I feel just fine all the time so it surely is a wonderful medicine. I have told several ladies about your medicine and you can use my testimonial."—Mrs. J. M. L. Farns, Box No. 1, Box 4, Wakefield, Nebraska.

Unquestionably the Best Remedy for Women's Ills is

THE CHARLEROI MAIL

VOLUME XX—NO 296

CHARLEROI, WASHINGTON COUNTY, PENNSYLVANIA. THURSDAY, MAY 20, 1920

TWO CENTS

MAKE COMPLAINT ON RATES FOR HAULING OF GARBAGE

Health Department Suggests Method By Which They May Be Reduced

ORDINANCE REGULATES CHARGE

Health Officer Darby has come in for some criticism of late on the part of some people, because it is alleged that garbage haulers have charged high rates for the removal of refuse from their premises. In his official capacity Mr. Darby has found it necessary to order that certain premises be cleaned and garbage and refuse matter taken away. For the services of this hauling some people have complained that they have been compelled to pay high prices, and have been under the impression that the fault lies with the Board of Health.

Mr. Darby points out the fact that the Board of Health has nothing to do with the prices charged by garbage collectors. It is the duty of the Board of Health and its officers to see that all premises within the borough limits are kept in a clean and sanitary condition. Any charges made by haulers is outside their jurisdiction.

However, he calls attention to the provisions of Section 7 of Ordinance No. 355, copies of which can be obtained from the borough clerk. This ordinance provides that "To prevent the charging of exorbitant prices for the removal, transporting and destroying of garbage * * * the following maximum rate of charge is hereby established:

"For removing contents of garbage cans, the charge not to exceed twenty cents per can for each time emptied.

"For removal, hauling and destroying of dry matter and substances the charge not to exceed twenty-five cents per barrel for the first barrel and fifteen cents for each additional barrel removed at the same time." Other charges for other services are specified in the ordinance, and the Health Officer suggests that possibly, when the garbage man comes to get the refuse he has to put in considerable time in gathering it up. All garbage and other refuse should be put in boxes and barrels, and placed so that the garbage man could reach it with but little trouble. The garbage hauler must pay for time, and somebody must "pay the freight" if he is detained.

BENTLEYVILLE ELECTS SCHOOL TEACHERS

The Bentleyville school board, on Thursday last, elected teachers, with the exception of the high school, for the coming term of 1920-21. The salary of all teachers except the supervising principal was fixed at \$100 a month. The election of high school teachers will take place at the next regular meeting of the board. Prof. E. C. Pearsall was elected supervising principal; Hiram Hetherington principal of the Acme school, and A. J. Waychoff, Jr., eighth grade of the Bentleyville schools.

STIFF SENTENCE FOR A "BOOTLEGGER"

John Swanson, colored, a "bootlegger" from Donora, arrested at Marianna for selling liquor illegally, was sentenced by the Washington County court on Monday to pay the costs, fine of \$500, and undergo imprisonment in the county jail for five months.

COULD NOT PAY THE MINORITY INSPECTORS

Minority inspectors who went to Washington on Wednesday accompanying judges of election in returning the ballot boxes as required by law, were indignant when informed at the court house by the commissioners that it would be impossible, under the law to pay them for their services. The minority inspectors had to pay their own way to the county seat and back as well as losing a day's time in order to comply with the law, but the commissioners told them they could be recompensed.

The act of assembly, affecting such matters and amending certain parts of the Uniform Primary law, requires the delivery of the ballot boxes to the office of the county commissioners by the judges and minority inspectors of the various election districts.

The county controller and county commissioners, appreciating the fact that this service was made necessary by act of assembly and that the same act failed to find means of remuneration for the inspectors, delved earnestly into the law in an effort to find something that would enable them to make proper payment for the time, labor and expense of the officials. They could find nothing, hence were compelled to make known to the inspectors their inability to do anything for them in the way of issuing warrants.

The next primary election will be held in September, 1921, by which time it is hoped that the legislature will have remedied this evident defect in the law.

P. H. C. Banquets And Confers Inner Circle Degree

The banquet and reception, followed by the conferring of the Grand Inner Circle Degree, under the auspices of Charleroi Circle, 303, P. H. C., Wednesday evening, was all that was expected, being a satisfactory and pleasing event to all those interested. A little delay was caused by the late arrival of the Brownsville delegation, owing to the difference in time, Brownsville adhering to the Eastern Standard.

The banquet, which is always a feature of the P. H. C., was served by the Ladies' Aid Society of the First Christian church, and the menu consisted of fruit cocktail, roast chicken, dressing, salad, mashed potatoes, bread and butter, peas, ice cream, pie and coffee.

The banquet was followed by a number of addresses, the address of welcome being given by Dr. H. J. Reppman, and the response by Supreme President A. C. McLean. Remarks were also in order from Mrs. M. Crookard, deputy for Uniontown, and J. H. DeRusha, local deputy, and by George W. Stablein and Frank Stablein.

The Inner Circle Degree was conferred on over one hundred members,

AUTO WRECKED IN WILD RACE

An automobile accident, in which two cars were badly damaged, occurred on the Webster-Monessen road last Monday night. A Nash car driven by Edward Applegate of Monessen, crashed into a Studebaker driven by Earl Shepler and both cars were sent over a small embankment and to the railroad track. A number of the occupants of the Applegate car were more or less injured in the crash.

The accident was the result of a race between Applegate and the driver of a Donora car, in which both machines were being driven at a speed of about 55 miles an hour. The Donora car had passed the Shepler machine which was traveling about 15 miles an hour, and Applegate attempted to do the same thing when he crashed into the Studebaker, with the result that both cars were ditched. Mr. Shepler was assured that all damages would be met by those responsible for the accident.

Andrew Burrick, aged 10 years, son of Andrew Burrick, Sr., of California was taken to the Brownsville hospital Wednesday evening, suffering from a crushed pelvis and other serious hurts received Wednesday afternoon when he was struck and run over by an automobile truck. The boy was playing in the streets and evidently did not hear the truck approach.

DONORA MEN FORM A HUNTING CLUB

Donora men who like to scour the snow-clad hills in search of big game and whip the mountain streams for game fish, have formed an organization and established the Rathbun Hunting Club, with 15 members. A camp site in Elk county has been leased and the details of perfecting the club organization are now being worked out by Roman E. Koehler, real estate man of that place.

The site selected by the Rathbun Club is near the border of Elk and Clearfield counties. It already has erected on it a comfortable hunting lodge of four rooms and is situated near a mountain spring. The lodge will be thoroughly overhauled this summer. The location is considered a particularly choice hunting and fishing country. Three of Pennsylvania's main trout streams have their headwaters near the site and during Mr. Koehler's recent two-day stay there and his party saw nine deer.

Dr. Temple Will Have Majority Of 4,000 Over Eaker For Congress

OLD ASSEMBLYMEN RETURNED

With complete unofficial returns from 143 out of the 153 election precincts of Washington county, the result forecasted on Wednesday noon of the Tuesday primaries has not been changed.

The Republican ticket in the county will consist of Henry W. Temple for Congress; C. L. V. Acheson of Washington and Oliver P. Brown of New Castle for National delegates; David M. Curran and George T. Walker of Washington, and Dr. J. Add Sprawls of Donora, for Assembly; and John H. Donnan of Washington for State Committee.

The Democrats had no nominee for Congress; William J. Mellen of Beaver and W. J. Smith of Washington for National delegates; T. C. Hickson, John C. Judson and R. W. Knox, all of Washington, for Assembly; L. M. Irwin of Arella for County committee and Claude W. Hufford of Washington, chairman of county committee.

Mr. Temple carried the Twenty-fourth district by over 4,000 votes over Mr. Baker for Congress; C. L. V. Acheson was high man in the district for delegate to the National Republican convention, with O. P. Brown of New Castle, second. John H. Donnan of Washington won over James P. Custer for State committee, while the old members of Assembly were renominated.

It looked for a time as if the race between George Newton of Charleroi and George T. Walker would be close but later returns boosted Mr. Walker's vote and he will lead the ticket. Mr. Newton, however, was "runner-up" being fourth in the race.

The vote was exceedingly light, barely fifty per cent of those eligible taking advantage of their privilege.

POTATOES SHOULD BE PLANTED LATE

The fear that the leaf hopper may again consume the potato patch, added to the high cost of seed, explains why so few of the spuds are being planted this season. John W. Warrick, who has been chairman of the gardens committee of the Board of Trade of Washington, advises that potatoes be planted the first week in June. Many growers of this region make the mistake of planting too early. The late potato, he says, will miss the leaf hopper, as the season of this pest will then be over, an only the regular potato bug will make trouble, and it is not difficult to keep under control.
